

ZELOS

Elegant Radiant Heating Unit

by  INNOV^{INC}

Radiant Heating With a stylish design

- Zelos is an efficient radiant heating system with a slim, elegant design that produces pleasant, sun-like heat. Its aluminum heating film incorporated between two 4 mm tempered glass plates offers an exceptional heating quality.

Available in black, white (glossed or matte) or mirror finish, it has great versatility.
Zelos can become a towel dryer by adding horizontal bars of different finishes.
